

This guide is designed to support facilitation of an interactive learning session about the first best practice, Bill the Correct Payer and Optimal Amount, in the Financial Management Change Package, whose purpose is to drive improvement on the financial management performance indicators. Facilitators should feel free to adapt and revise this guide. Facilitators may choose to: Convene staff from one or more clinics for a standing meeting (e.g., monthly) to discuss each Best Practice (in order or as needed) from the Financial Management Change Package. (See other Best Practice discussion guides.) Convene a one-time meeting with clinic staff about this topic. By the end of the discussion, participants should be able to: Describe the importance of billing the correct payer and optimal amount Describe at least one strategy to bill the correct payer and optimal amount Describe at least one strategy to bill the correct payer and optimal amount Describe one tool available to support front-end practices At least 60 minutes, with more time for discussion as schedules allow. Example discussion questions are provided; facilitators can use them based on participant interest. **Pinancial Management Change Package: Summary of evidence-based recommendations for improving financial management practices and the factors that impact financial health, strategies, case studies, tools and resources **Performance Report and Improvement Plan: Spreadsheet where Title X sites (or agencies) can document performance indicator data on a monthly basis, document improvement plan(s), and home in on specific performance indicators as part of a quality improvement initiative **PowerPoint Slides with Notes: Slides with speaker notes and discussion questions** Format Discussions can be facilitated virtually or in person. Staff from one or more family planning clinics. Involving multiple sites can facilitate peer-to-peer sharing. Having representation of clinical, administrative, billing/financial financial management plan prior to the

DISCUSSION GUIDE

9	Accurate family size and income impact	 Discussion: In looking at this table, what jumps out at you? Be mindful that this example has one assumption—the full charge for a service is \$100. In this example, if you were collecting 95% of the charges (which is a best practice), what would the difference in your annual revenue be? Note to facilitators: Give participants a minute to calculate scenario, \$2,450 x 12 x .95 = \$27,930 increase in revenue!
