

Increase Chlamydia Screening in Family Planning Settings

Introduction to the Chlamydia Screening Change Package

<h4>How to Use This Guide</h4>	<p>This guide is designed to support facilitation of an interactive learning session on how to Increase Chlamydia Screening in Family Planning Settings: Introduction to the Chlamydia Screening Change Package, whose purpose is to drive improvement on the chlamydia screening performance measure.</p> <p>Facilitators should feel free to adapt and revise this guide. Facilitators may choose to:</p> <ul style="list-style-type: none"> » Convene staff from one or more clinics for a standing meeting (e.g., monthly) to discuss each Best Practice (in order or as needed) from the Chlamydia Screening Change Package. <i>(See other Best Practice discussion guides.)</i> » Convene a one-time meeting with clinic staff about this topic.
<h4>Learning Objectives</h4>	<p>By the end of the discussion, participants should be able to:</p> <ul style="list-style-type: none"> » Describe the best practice recommendations for chlamydia screening as outlined in the Chlamydia Screening Change Package » Describe one tool available to help calculate and track the chlamydia screening rates at a service site » Describe at least two strategies for increasing chlamydia screening in target populations
<h4>Length</h4>	<p>At least 60 minutes, with more time for discussion as schedules allow. Example discussion questions are provided; facilitators can use them based on participant interest.</p>
<h4>Materials</h4>	<ul style="list-style-type: none"> » Chlamydia Screening Change Package: Summary of evidence-based recommendations for increasing chlamydia screening rates, strategies, case studies, tools, and resources » PowerPoint Slides with Notes: Slides with speaker notes and discussion questions » Quality Improvement Tools (printed), including: <ul style="list-style-type: none"> » Chlamydia Screening Performance Measure Calculator (can be completed in advance) » Prioritization Matrix
<h4>Format</h4>	<p>Discussions can be facilitated virtually or in person.</p>
<h4>Suggested Participants</h4>	<p>Staff from one or more family planning clinics. Involving multiple sites can facilitate peer-to-peer sharing. Having representation of clinical, administrative, and financial staff can help address system issues.</p>
<h4>Before You Start...</h4>	<p>Participants should calculate site-level performance on the chlamydia screening performance measure using the Chlamydia Screening Performance Measure Calculator (if needed).</p>
