

OFFICE OF THE ASSISTANT SECRETARY FOR HEALTH

CHAT BOX – “HELLOS + EXCITING UPDATE TO SHARE IN PROJECT?”

COHORT WORKSHOP #1 FROM INNOVATION TO IMPACT

Today's Plan

1. Introduction

2. Impact Statement Shuffle
Activity

3. Innovation to Impact

4. 40 Question Activity

5. Reminders and Wrap Up

6. Open, Optional Networking

COHORT WORKSHOP #1 FROM INNOVATION TO IMPACT

Objectives

1. Receive *and* give peer-feedback on strategy, statements, visuals
2. Continued cohort relationship-building
3. Clarity on fundamentals of innovation vs. impact
4. *Initiate* co-design of workshop series

Group Agreements

- What agreements might we need for this workshop? For future cohort workshops?

- *Waterfall in the chatbox!*

Innovation Network Workshops

Impact Statement Shuffle

- 7 groups
- 2 key documents
 - Combined Impact Statement Document
 - Impact Statement Shuffle Activity Worksheet

Impact Statement Shuffle Activity – Combined Statements

FROM INNOVATION TO IMPACT IMPACT STATEMENT SHUFFLE – COMBINED STATEMENTS

20 min
total

Please note: All Statements have been edited/modified to increase “anonymity” among other grantees. Some have been modified for length.

- Say hello and introduce self, pick a recorder
- Find the combined impact statement document (this document!), and corresponding number to your breakout group
- Read the two impact statements; highlight what sticks out; write down what you like, wish, wonder about the statements. If you have time, rewrite the statement!
- Follow the directions on the impact statement shuffle worksheet to list all your group’s feedback.

Break Out Group #	Impact Statements
1	<p>Aspirational State: All young people have the ability and opportunity to be meaningfully engaged in the programs, policies, and systems that affect their lives and communities.</p> <p>Desired Outcome: The Network aims to increase the number of youth that are meaningfully engaged in sexual health programs. To make a measurable impact in the key priority area, the Network will: 1) increase the number and effective coordination of stakeholders committed to youth engagement; and 2) increase the number and accessibility of effective youth engagement interventions.</p> <p>The Network’s strategy for innovation and impact applies the tools of the human-centered equity action lab (HEAL Lab,) placing expectant and parenting youth at the center of designing solutions to address persistent, painful inequity in sexual and reproductive health outcomes for black and brown young people in the given geographical area.</p> <p>Our vision for long-term impact is:</p> <ul style="list-style-type: none"> • That ALL health services and interventions for expectant and parenting youth are high quality, youth-specific, and evidence-based • That ALL programs and interventions for young parents are designed with the recognition of the widespread trauma of expectant and parenting youth and delivered by providers trained in trauma-informed care • That ALL programs and interventions for young parents are developed with their direct engagement in a human-centered process

Impact Statement Shuffle Activity – Worksheet

FROM INNOVATION TO IMPACT IMPACT STATEMENT SHUFFLE

20 min
total

- Say hello and introduce self, pick a recorder
- Find the combined impact statement document, and corresponding number to your breakout group; write down breakout group number below
- Individually, read statement; individually, write what you like, wish, and wonder
- As a group, discuss and record the likes, wish, wonders here
- Bonus/optional, write a revised statement
- Recorder saves, sends to Minju.Kim@hhs.gov, and posts in big group zoom chat

Write down your breakout group number (1, 2, 3, 4, 5, 6, or 7)

Copy and paste impact original impact statement here

#1

Write the group's combined "I like, I wish, I wonder" feedback here

If you have time, write another version or two of the impact statement for consideration!

Breakout Groups - Written Instructions

- Say hello and introduce self, pick a **recorder**
- Find the combined impact statement document, and corresponding number your breakout group; write down breakout group number
- Individually, read statement; individually, write what you like, wish, and wond
- As a group, discuss and record the likes, wish, wonders on the worksheet
- Bonus/optional, write a revised statement
- Recorder saves, sends to Minju.Kim@hhs.gov, and posts in big group zoom

How did that go?

OFFICE OF THE
ASSISTANT SECRETARY FOR HEALTH

ASPR

Innovation vs. Impact

- *We are not interested in innovating, for innovation sake.*
- The purpose of innovation is to make impact.
- Impact statements to center our work in that impact

Innovation

Impact

OFFICE OF THE
ASSISTANT SECRETARY FOR HEALTH

Innovation?

- FOA: Novel or reimagined approaches, relationships, processes, products, programs or services that lead to **substantial improvements** in addressing barriers to reducing teen pregnancy and STD transmission.
- Turning a challenge into a solution that **adds value**, from a user perspective

Innovation = Impact

How?

OFFICE OF THE
ASSISTANT SECRETARY FOR HEALTH

How?

- Innovative strategies and methods
- Account for complexity, using system approaches
- Multi-disciplinary, diverse teams
- Test assumptions, pieces, parts to validate, frequently!
- Question, answer, question, answer
- Measure what matters
- Build on existing research, evidence, science, effectiveness
- Lots and lots and lots of user engagement
- Learn from failure

Innovation Strategies

- From your application
- To help propel your work
- Expected to change, as you learn, test, grow

In brief, in the chat box, please share your innovation strategy.

Innovation Strategies and Methods

Human-Centered Design	Liberatory Design	Equity-Centered Community Design	Trauma-Informed Youth Centered Design	Lean Impact
Systems Thinking	SCAMPER	Collective Impact	Behavior Change Design	
Theory of Change				

SCAMPER

S

Substitute (replace with something else)

C

Combine (unite things, people, ideas, materials)

A

Adapt (adjust to a new purpose)

M

Modify (change, smaller, larger, less, more, fast, slow)

P

Put to another use (change when, where, time, how to use)

E

Eliminate (omit, simplify, cut out)

R

Reverse (change order, patten, sequence)

40 Questions

Meet, greet, Organize	1 person presents	3 people ask questions	Presenter reflects, then open dialogue
5 min	5 min	5 min	10 min
Say hello, determine who will present (1) and who will listen/question (3)	Presenter shares their project, the impact they are looking to make, their innovation strategy, visuals; everyone else listens	Listeners ask presenters questions. Try to get to 40. Presenter <i>just listens</i> . Use: what, how, why, when. Build from other questions	Presenter reflects, shares what came up. Listeners/questioners reflect Open dialogue with everyone

How did that go?

Next Workshop Topic

- In the chat box, for next workshop, what topics would you like to cover?

Proposed Topics

- Oct. 1 – Networks
- Nov. 5 – Stakeholder Mapping
- Dec. 3 – Developing & Testing Interventions
- Jan. 7 – Equity and Equitable Engagement
- Feb. 4 – Monitoring, Improving, Learning

We need 2-3 people to help with the next workshop!

Help means:

- *Planning*
- *Providing Feedback*
- *Potentially Facilitating*
- *Potentially Presenting*

Network Plan & Guidance

TPP20 Innovation Network - Network Plan Guidance

OVERVIEW

PURPOSE	The Network Plan is a blueprint, outlining the design, composition, and management strategies for the multidisciplinary network. It is the core of your project. Your Project Officer will use it and its additional versions to provide feedback, and help determine your readiness to advance beyond the six-month Planning Period.
INSTRUCTIONS	<p>The Planning Period is your opportunity to revisit the assumptions of your application as well as to further iterate and refine your conceptualization of the Network. Please start by reviewing this guidance, the FOA expectations chart, and your application content. Next, in collaboration with existing Network members, refine your Network Plan, with help from the prompts below.</p> <p>The structure and format is up to you and your preferred style. However, a concise, streamlined, and well-designed plan is more likely to serve as a useful living document for all parties.</p> <p>As with all aspects of the grant, please center equity in your planning and think carefully about whose voices and ideas are uplifted in the process.</p>
DATES	Upload an initial draft to MAX by October 1, 2020. Iterate with your Project Officer, Cohort Buddy, and the rest of your Network, as new members onboard. Upload an updated version to MAX by January 15, 2021.
